The terms of any insurance that we arrange on behalf of Weatherbreak Windows Ltd are based upon the information provided by them.

Weatherbreak Windows Ltd has an ongoing duty to disclose all 'Material Circumstances' throughout the period of insurance cover. Material Circumstances are all the items of information that may influence the insurer's decision over cover or the terms of your insurance.

The most serious consequence of failing to disclose material information could be the invalidation of your cover. In that instance it would mean that a claim will be rejected.
