

OPENDOOR CHURCH

REAL PEOPLE · REAL LIFE · REAL GOD

Dear Peter,

I wanted to write to you to express our gratitude for your generosity.

The windows and doors fitted by your company are exactly what we needed to comply with the planning requirements in our new building, and to enable us to begin to use it for the benefit of our community.

Now this work has been done to satisfy the needs of the acoustic survey, we are able to push forward with things like our Encounter nights, youth work, band rehearsals and of course expanding our community involvement.

The staff that came out to us were very friendly and professional. Tom was practically helpful, and seems to be a real asset to your team.

As a charity, finance is always going to be the major limiting factor in what we can and cannot do. The fact that you have provided and fitted 7 windows and a door at no charge to us is hugely appreciated, and will enable us to put money that we would have spent towards other areas.

Thank you once again for your generosity and help in this matter,

With love,

Ian
